Seek Buyers for Converted Two Bedroom Units on Ridge

At last Thursday's Greenbelt Homes, Inc. board meeting, final details were worked out for the sale of the four two-bedroom units being converted from the medical unit. Priority will be given to the following: 1) those who are GHI members, 2) those who satisfy GHI that they are financially able to carry the unit, 3) those who meet present occupancy standards for two-bedroom units, 4) those who have filed within prescribed dates.

After specifying the above requirements, GHI board members, by a vote of 5-1 (John O'Reilly dissenting) determined that the fairest way to establish a priority list among those who satisfy the above requirements is by a lottery, to be held at the April 25 board meeting.

By a 4-2 vote, it was decided that applicants from outside of GHI will be placed on a supplementary list in the event that sufficient GHI members do not purchase the units.

The sales policy for the houses will be as follows: 1) the sales price will be determined by the management, reviewed by the Finance Committee and approved by the Board, 2) the minimum down-payment will be equal to complete renovation costs, 3) the mortgage interest rate will be reviewed by the Finance Committee and established by the Board, 4) the purchaser will sign the standard mutual ownership contract, 5) there will be no contingency sales. (In other words, a member may not say he'll purchase the new unit contingent upon his current unit by a certain date.)

Application for the house must be in to GHI by April 22. The lottery will be held at the April 25 Board meeting. It is expected that renovation of the four units will be completed by May 1. The units will be open for inspection by all applicants (and others) between the dates of May 1 and 5. The applicant will have until May 8 to decide whether he wants the unit or not, and a binder must be signed and a "good-faith" deposit made by Wednesday, May 8. The purchaser must take possession of the unit by July 1.

Home Improvement Loans

The Finance Committee, whose chairman is O'Reilly, reported that it "knew of no reason that there should be an exception" to GHI's policy that a home improvement loan must be paid off by the time of resale even if the prospective owner might be willing to assume the loan. Other board members concurred with the report.

Senior Citizens

The senior citizens are now considering GHI-owned land on Parkway as the site for the apartment

County Voter Drive Continues Next Week

With still less than half of those eligible registered to vote, Prince Georges County is extending its voter registration drive next week, with special booths set up at S. Klein's in the Beltway Plaza and other centers spotted throughout the county.

Those registering will be eligible to vote in the May 14 special referendum on the proposed Maryland Constitution. The deadline for registration is April 15.

To register, one must have lived in the State one year, and the county six months; one must also be 21 years old by May 14.

Applications for absentee ballots must be received by the registrar by May 3.

Hours for registration will be noon to 8 p.m., Monday through Friday, April 8 through 12, and from 10 a.m. until 6 p.m. on Saturday, April 13.

unit they wish to build. They are awaiting an FHA appraisal of the site. The group would be willing to pay the appraised price. It was noted that GHI would not seek to profiteer on the land, but would sell it at its fair market value. The Land-Use Committee will be studying the idea of selling the land to the senior citizens should the FHA appraiser deem it suitable for a home for senior citizens.

Other Items

The Nominations and Elections Committee is seeking candidates to run for the GHI Board and the Audit Committee. Incumbent GHI board members whose terms expire are Nat Shinderman, Steve Polaschik, Katherine Keene, and Clifford Simonson. Elections will be held on May 15 and 16.

Refinancing for the town houses is still being sought. The Board heard a report from the general manager on the efforts of Dave Kane's trip to Philadelphia to secure a loan. So far, all channels investigated have proved negative.

Democrats to Elect Precinct Chairmen

An election for a Democratic chairman in the sixth precinct will take place on Monday, April 8, from 7 to 9 p.m. in the lobby of North End School. The candidates are Edgar L. Smith, 118 Greenhill, and Simon M. Pristoop, 110 Northway.

Chairmen in the third and eighth Greenbelt precincts elected without opposition were Francis White and Jim Hadley, respectively.

Only three precincts in the county will test the new system of electing Democratic Precinct chairmen. In 27 precincts no one filed, and in 69 the candidates have been declared elected by the Democratic Central Committee because they had no opposition.

The vote will be by secret ballot. Any registered Democrat may vote in the election.

The Police Blotter

A motorcycle stolen at Springhill Lake was recovered on the same day and returned to the owner undamaged. Also at Springhill Lake, a sump pump was reported stolen from a basement.

A 13-year-old runaway boy, who left home on March 20 and was reported as being missing on March 28, was picked up by a police officer on the same day.

A Springhill Lake resident reported that four men watched her through binoculars from another apartment over a two hour period. Another resident reported finding obscenities on a bathroom wall written by an unknown person.

A warrant was issued on the complaint of a Greenbelt man who stated that a resident of Savage, Md., had brandished a knife at him during an argument at the intersection of Edmonston Rd. and Route 193.

Among members of the Police Department attending courses are PFC Krob, at the Maryland State Police Academy Police Supervisor Course; and Officer Van Volkenberg, going to an FBI Advanced Latent Fingerprint Course.

WHAT GOES ON

Mon., April 8, 7-9 p.m. Democratic Sixth Precinct Chairman Election, North End School Lobby

8:30 p.m. Annual Meeting of Citizens for a Planned Greenbelt, Co-op Hospitality Room

Wed., April 10, 8 p.m. - Aquatic Booster Club Meeting, Municipal Building.

Thurs., April 11, 7:45 p.m. GHI Board Meeting, Hamilton Place

Concerned Citizens Tour Cemeteries

Concern over the condition of Greenbelt's three cemeteries was voiced at last Monday's city council meeting by Mrs. Carrie Harper and Jim Smith of the Greenbelt Historical Society. They reported on an inspection tour they had made, accompanied by city manager James K. Giese and public works superintendent Albert Attick. They found the burial grounds marred by rubbish, iceboxes, brambles, overturned headstones, and broken fences. Mrs. Harper and Smith recommended that the cemeteries be "cleaned up and preserved."

Smith suggested that council establish a cemetery account which would assure proper maintenance of the sites. He also requested that the boundaries of the cemetery locations (Hamilton Place, Indian Springs and Kenilworth near Crescent) and the burial plots be defined.

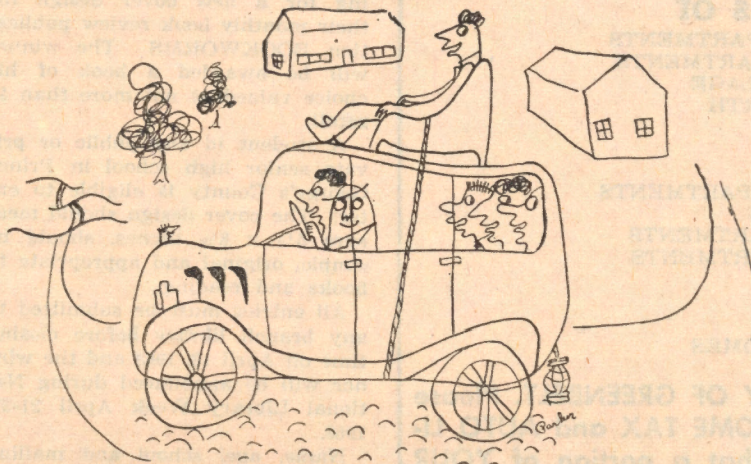

Council directed the city manager to lay out a plan for the improvement of the cemeteries. The historical society will research the history of the burial grounds and their graves.

Greenbelt Arts Festival

The Greenbelt Recreation Department will once again hold its annual Arts Festival on Sunday, April 28 from 1-5 p.m. The program will include judo, ballet, ceramics, and square dancing demonstrations. A concert will be conducted by the Greenbelt Concert Band. Film will be sponsored by the Greenbelt Poetry Club and an art and ceramics exhibit and sale will be held. Any Greenbelt resident interested in participating in the Art Exhibit and Sale, please contact the Recreation Department for further information.

CFPG MEETS MONDAY

The Citizens for a Planned Greenbelt will hold its annual meeting on Monday, April 8 at 8:30 p.m. in the Co-op Hospitality Room. Steering committee members will be elected and reports will be given on school site construction, perimeter road, parkland, housing for the elderly. Julian Holmes of the Friendly Citizens Association will speak. All Greenbelters are invited.

"We told him if he didn't stop talking about the News Review Ball, we'd do something drastic."

Council Endorses New State Constitution, Backs GHI Plan

By a 4 to 1 vote, city council at its April 1 meeting went on record in support of the new Maryland Constitution. Councilman Bill Hoff cast the lone negative vote, voicing concern over the curtailed position of municipalities under the charter. He had reservations about the new provisions which would greatly increase the power of counties and which, he said, would have the effect of municipalities becoming instruments of the county rather than of the State legislature.

Other councilmen expressed similar reservations, but felt overall that the new Constitution was a forward-looking document. They endorsed the charter as the best that could be produced under the circumstances.

A special election will be held on Tuesday, May 14, for the voters of Maryland to accept or reject the proposed State Constitution. There will not be separate votes on individual articles or issues.

The council also ventured into national affairs, when Hoff proposed a resolution praising President Johnson for his peace efforts in Viet Nam and his decision not to seek re-election for the sake of national unity. The resolution was tabled when it was suggested that the subject was beyond the realm of municipal affairs.

GHI Townhouses Approved

The council approved unanimously a subdivision preliminary plan for Greenbelt Homes, Inc., townhouses opposite the North End School. The approval will now be forwarded to the Maryland-National Capital Park and Planning Commission, which had asked for the city's position.

The approval came after council reviewed several suggested conditions attached to the project by the city's Advisory Planning Board in its Report #75. Three of the conditions dealt with tie-ins to existing or proposed sidewalk system. GHI manager Roy Brea-shears pledged the corporation's assistance in implementing such a pathway system. Another condition dealt with providing additional parking. The present plan calls for 1.6 spaces per unit, which is above the county standard. Nevertheless, both council and Brea-shears agreed that additional parking would be helpful and Brea-shears said that he would have GHI review the problem.

Other conditions suggested by the APB had already been taken care of by GHI, such as providing ready access from front to back yards. Councilman Gerald Gough, in making the motion to approve the plan, noted that the density of the new project would be 5 units per acre, or less than that of present GHI homes.

New Boating Regulations

With one change, council adopted for final passage a new boating ordinance for Greenbelt Lake. The change was an increase in the annual boat permit fee from \$1 to \$3 for Greenbelt residents. The increase was made because the \$1 fee was not sufficient to cover administrative costs.

Councilman Francis White opposed the increase and voted against the ordinance.

The ordinance provides that boats must be registered with the Director of Public Safety and must meet specified safety provisions with respect to life preservers, ability of boat to float when capsized, number of occupants and age of boat operators. No motor-pro-

pelled boats will be permitted, and boats are not to be operated after dark except for special events. Boat permits will not be issued to non-residents.

In another Greenbelt Lake matter, the council received a request from SCH corporation to expand their concession operation to include bicycle rental. The matter was referred to the city's Park and Recreation Advisory Board.

New Warehouse

Bids were opened for the new Greenbelt Municipal Service building to be located near the Kenilworth and Crescent Rd. juncture. Fourteen companies competed and the base bids ranged from \$154,800 to \$178,164. The bids were referred to the city manager and the architects Walton & Madden for review and recommendation.

Madden said that the bids were within the range of expected prices. The city has a balance in its construction fund of \$135,438 for this purpose. The city manager said there are also other possible sources of funds available, if necessary.

Transfer of Funds

The council approved a transfer of funds, totaling \$15,775, from contingency and salary reserves to cover the following items: (1) \$750 to cover replacement of all street name signs and installation of additional parking regulation signs; (2) \$250 to cover stepped-up patrol by animal warden; (3) \$5,000 for street maintenance, including \$3,000 excess costs incurred in connection with reconstruction of Parkway Rd.; (4) \$7,000 for salary adjustments in waste collection department and for contractual work required at the landfill; and (5) \$2,775 to cover increased rates for workmen's compensation, employees health and life insurance and other insurance.

Other Matters

Gough reported on a meeting at the University of Maryland attended by the Prince Georges County commissioners, county department heads, and officials of local municipalities. The subject was areas of cooperation between the county and municipalities and included such topics as cooperative buying through central purchasing, Federal housing programs, computerized billing, and a centralized data bank in connection with police work.

The council authorized \$50 to provide initial funding for securing of photographic prints relating to Greenbelt's historical past. The Greenbelt historical society proposed that these prints be available for sale to Greenbelt residents, many of whom appear in these prints from the Library of Congress collection.

The council received the resignation of George Neumann from the city's Advisory Planning Board. His term was to expire October 1968.

To Set Date on Park Site

The city's solicitor, Emmett Nanna, has requested the assignment clerk of the Prince Georges Circuit Court to set a date for a hearing on the city's bill of complaint regarding the conveyance of 3.3 acres of the Charlestowne Village tract to the city as parkland. The Court of Appeals in December overturned a lower court's decision by ruling that the agreement by Charles and Fleur Bresler to donate the land to the city in exchange for favorable zoning recommendations was legal and valid. The case was remanded to the lower court for a hearing on its merits. The city is requesting that the land be conveyed to the city as promised by the developer.

Ground Breaking for Holy Cross

The members of Holy Cross Lutheran Church break ground for their new sanctuary this Sunday at 4 p.m. Rev. Edward H. Birner, pastor of the congregation, will officiate. Others participating in the service will be Arthur Winker, president of the congregation; Juanita Green, president of the Lydia Guild; Arland Spiering, superintendent of the Sunday School; William Adams, chairman of the building committee; Edward Trumbule, representing the families that attended the first service conducted on April 9 in 1943; and Ronald S. Senseman, A.I.A., architect.

The site of the new church is located on the south side of Greenbelt Rd. just opposite the entrance to the Charlestowne Village Apartments (Lakecrest Drive).

The new sanctuary, of contemporary design, will be marked with a steep roof having intersecting planes, complimented by flat roof, peripheral projections. At a later date the roof will be covered with vertical seam copper and crowned with a copper-covered spire—further enhancing the new structure and increasing its landmark qualities for a still greater distance.

Exterior walls of the new building will be of brick with some stone trim and cut stone facade on the chapel portion of the structure. Liberal use of natural finish wood has been included in the architect's design. The nave interior will have a lofty natural finish plank ceiling and natural finish wood beams and arches.

Interior walls will be of brick and paint-decorated masonry. The new sanctuary has been designed to be the first unit of a master expansion program. Overall long-range plans call for educational wings and other supplementary administrative additions to utilize the congregation's spacious site.

The congregation is affiliated with the Southeastern District of the Lutheran Church — Missouri Synod.

Traffic Tip

With better weather here, motorists should keep a sharp lookout for bicyclists and motorcyclists. They are extremely vulnerable in traffic and a crash that would mean only fender bending for a car can kill or seriously injure them.

Ambulance Drive Still On!

To The Editor:

On behalf of the Greenbelt Volunteer Fire Dept. & Rescue Squad I should like to express our thanks to THE NEWS-REVIEW and the staff, with a special THANK YOU to Mr. Herbert Allen of the ALLEN PRINTING SERVICE, Hyattsville for their excellent service and cooperation during the Annual Ambulance Club Fund Drive.

Vic Fisher
Publicity Chairman

"Sheer Artistry"

To The Editor:

The column "Sternly Speaking" in the March 28th issue was a lovely piece on Vietnam. Mr. Stern's clever use of his yard and gardening as a vehicle for his thoughtful remarks was sheer artistry. His sentiments, too, show an excellent grasp of realities in Vietnam as I saw them in 1965-67 and as I know them to exist today. Let's have more "Sternly Speaking".

George E. Beauchamp, Jr.

Lakeside Citizens Vote For Recreation Equipment

A lively annual meeting of the Lakeside Citizens' Association praised the fire department, condemned the trash littering the lakeshore, and selected the kind of recreation equipment wanted in the new Lakecrest recreation center at the foot of Olivewood Court.

Forty residents met Wednesday, March 27, and also elected annual officers, who are: George Beauchamp, president; John Bogumill, vice-president; Mrs. Alan Blair, treasurer; and reelected Mrs. Hugh Jascourt as secretary. George Loutsch, Mrs. Till Bergemann, and Hugh Jascourt were chosen for the 1968-69 Board of Directors of the Association.

The dominating discussion topic at the meeting was recreation equipment for the area abutting the lake at the foot of Olivewood Court. The City Council had asked the Lakeside Citizens' Association to obtain the members' views on what equipment should be installed at this new recreation area. A ballot of all the members, circulated the previous week, was inconclusive and the members at the annual meeting, after vigorous discussion, voted to recommend that the city install two tennis courts, centrally located in the plot, with a surface and backboards permitting the courts to be used also for basketball. In addition, the installation of physical fitness equipment and one set of large swings received support. A committee of residents on Olivewood whose property abuts the area will meet with the City Recreation Director to discuss placement of the equipment.

The Association members, in gratitude for the work of Greenbelt's Fire Department in the Anthony Madden fire, voted to donate \$25 to the Department's fund drive. Members also voted to request the city to lower temporarily the level of the lake by three feet to permit a special city spring clean-up drive around the edges of the lake. Residents noted floating picnic tables belonging to the city, mired logs, and a general superabundance of trash in the water. The clean-up cannot be done unless the water is lowered. One good rain, members felt, would refill the lake after the clean-up drive.

Cover Design Contest

The Young Adult Services Department of Prince George's County Memorial Library is looking for a new cover design for their monthly book review publication BOOKWORMS. The winner will be awarded a book of his choice valued at not more than \$5 retail.

A student in any public or private senior high school in Prince George's County is eligible to enter. The cover design should measure 5½ x 8½ inches, should be simple, original and appropriate to books and reading.

All entries must be submitted to any branch library before closing time on April 13, 1968 and the winner will be announced during National Library Week April 21-27, 1968.

Name, age, school and mailing address should be submitted on a separate sheet with each entry. Final judging will be made by Young Adult Services Staff. The winner will be notified by mail.

..... City Notes

Earth moving is a major enterprise in Greenbelt this month. The Public Works Dept. continues with its project of filling behind the dam with dirt excavated at the library site. City officials expect the job to be completed within a week.

Similarly, under an agreement with the city, the MNCPPC is excavating and hauling away dirt from the large hill at the rear of the fire station. The leveled area will be used to enlarge the present parking lot.

Spring clean-up is the other major task of the city crew. On Monday, after the warm weekend brought area residents out to work in their yards and gardens, every available man was assigned to trash collection.

Following the construction of the two experimental trash receptacles for garden debris, the city sent letters concerning their use to residents in their vicinity. At present, on a trial basis, the city plans to empty them once a week. City Manager James K. Giese conceded, however, that this may be insufficient during the spring clean-up season.

The city crew also replaced chain barricades at the Youth Center, at the Little League field, and at the St. Hugh's entrance to Braden Field; painted the statue; and repaired a section of Lakeside Drive where an above-grade bump pre-

vented a resident from using his driveway.

Appraisals are due this week on that portion of Parcel 15 which the city seeks to purchase for park land.

THE MEANING OF THE CROSS

It's a pretty thing. You can hang it around your neck on a gold chain. Use it to top a spire. In walls and windows, stone and statuary, crosses are everywhere.

Would you take a hangman's noose, guillotine, or electric chair and hang it, gilded, around your neck? Gruesome, you say! The cross is an instrument of torture, of death. How macabre for people to sing "In the cross of Christ I glory..."!

But there is a reason for that song. Jesus lives! He said, "Whosoever believeth in me, though he die, yet shall he live." The instrument of Christ's death has become symbolic of the promise of life. He died that we might live.

Life takes on new excitement when you know that God Almighty cares that much about you! The Christian can know freedom from guilt, from the depressing dullness of a meaningless life, from the fear of death. We invite you to come and learn about this life, and to share it with us joyfully!

Recreation Review

Teen Club Chatter

Coming to the Greenbelt Teen Club dance on Saturday, April 6, will be the Nite Hawks. The dance will be held from 8 - 11 p.m. at the Youth Center. All teens are urged to attend so that these events will be successful.

Adult Oil Painting

The adult oil painting class meeting which had to be cancelled on April 3rd, will be made up on April 17. The regularly scheduled evening class on April 10 will be held. **NOTE:** A new class session will start May 1. Registration will be taken at the Recreation Department.

Adult Tennis Lessons

Beginner and Intermediate tennis lessons will be offered starting Saturday, April 13. Classes will be held for five consecutive Saturday afternoons from 12 - 2 p.m. and 2 - 4 p.m. Dave Millikan, our tennis pro, will conduct the lessons. Persons interested should contact the Greenbelt Recreation Department at 474-6878 as soon as possible. Registration will be taken on a first-come-first-serve basis.

LITTLE LEAGUERS

by Sterling Tropp & Roger Evans
Candy sale goes on! The three boys who sold the most candy will be named in the next News Review.

There is still a need for a Farm Director. If you are interested, please contact Ray Leber, telephone 474-4269. Any boys still interested in Little League can call Gene Kellaher at 474-4034 or "Dinks" Lloyd at 474-6936.

We would like to thank the people who came out and helped make our "Spring Dance" a success.

HOMES FOR SALE

Call 345-2151 Anytime

BOXWOOD - Just listed and just perfect; you WILL have to stand in line to get into this immaculate 4-bedroom 3 bath split-foyer with central air cond. and every extra you dream of. Choice of FHA, VA or any terms at \$32,000. Honestly, should you let this opportunity pass?

BELAIR - Here's a Yummy deal on a newly financed 4-bedroom 2 bath cape cod. Perfect condition, many extras. You don't have to get a loan, just put down \$3,600 plus small settlement, and move in with payments totaling \$160.50. This kind won't stay.

GREENBELT - Grab your coat and run for this matchless 3 bedroom masonry end home. The price is right at \$12,000. Walk to everything you'll need from this one. Move in soon, but only if you act now!

GREENBELT - If you're lucky, you'll be able to take advantage of the bargain of the year and buy a nice 2-bedroom frame on Southway at hundreds of dollars below the Twin Pines appraisal. Owner has bought another home, so don't delay.

WALBROOK MANOR - Let's talk things over about this better-than-new Jumbo Split-Foyer with "you name it" features, new appliances, air-conditioning, storm windows, and fire place. Make an appointment and make us prove it. The price is right on your terms.

LANHAM - Why not own a modern three bedroom rambler with beautiful rec. room in basement for under \$20,000. You can, by calling quick!

MARTINS WOODS - Are you game for a big splash? Let us challenge you to reach for a \$60,000 rambler with literally everything. (This is for those who want the finest).

Swim Team Parents Meeting

The Aquatic Booster Club will hold a meeting on Wednesday, April 10, at 8 p.m. in the City Office Building, Council Room. The meeting is to be held to discuss the summer schedule, swim team jackets, swimming coaches, and funds. All interested persons are asked to attend. Club membership is open to all adult Greenbelt citizens.

Judo Classes

A new judo class will begin on Tuesday, April 16 at 5:30 p.m. at Center School. Classes are held on alternate Tuesday evenings and every Thursday evening for ten hours of instructions.

Spring Lawn Care

With balmy breezes of spring, lawns begin to awake. Turf specialist, Dr. Elwyn Deal, of the University of Maryland suggests that one begin to care for the lawn by removing leaves and dead grass which may smother new growth.

Feed the new grass with a complete fertilizer such as 10-5-5 or its equivalent at about 10 pounds per thousand square feet. Many lawns will also respond to about 50 pounds of ground limestone per thousand square feet, but the only way to be sure you need it is to have a soil test. (Lime normally is needed only about once every three years.)

Another raking with a heavy steel garden rake will help work the plant food into the soil and make a good seed bed in bare spots. Reseed the bare spots and rake the seed in lightly. In reseeding, use the same mixture as the rest of the lawn to avoid off-color spots.

Spring is also an ideal time to eliminate unwanted garlic and crabgrass from the lawn. A spray of 2, 4-D will take care of the garlic for the rest of the season, but be careful not to let the spray drift onto nearby shrubs.

Three chemicals, Dacthal and Betasan or Pre-San have shown good control of crabgrass. For best result, these chemicals should, be applied before April 15. For further information contact your County Extension agent and ask for Agronomy Mimeo No. 26 and No. 63. His office is listed in the telephone book under County government.

P G Physical Fitness Meet

The Prince Georges County Recreation Department will hold its second annual indoor Physical Fitness Meet in the Armory at the University of Maryland on Saturday, April 13, from 10 a.m. to 4 p.m.

There will be competition for all county residents between the ages of 7 and 15 inclusive for both boys and girls.

The morning session will cover the 50 yard dash in all age groups and the 220 yard run for age 7 through 11 inclusive.

The afternoon session will cover competition in the 220 yard run for ages 12 through 15, 660 yard run, 880 yard run and the mile run.

The age cut off is January 1, 1968, and spike shoes will not be worn.

Easter Card Postage

Postage for all Easter Greeting Cards weighing one ounce or less is 6c, Postmaster Emory A. Harman reminded mailers today.

The first-class postage rate will provide jet flight service for Easter Greeting Cards destined to servicemen in Vietnam and other overseas locations as well as airlift treatment for most domestic addresses more than 250 miles from the mailing point.

Legislation which went into effect January 7, 1968, eliminated the 4c rate for greeting cards.

The expected high volume of cards in the mail just before Easter will require extra help at postal installations across the nation, Postmaster Harman reported. The local post office will have beefed up crews on hand starting April 10 he said.

Traffic Tip

It is extremely dangerous for a driver on the Beltway or any expressway who misses his exit to try to back up to it. While it might be a bit inconvenient, the lawful and sensible thing to do is to go on to the next exit.

Gymnastics at Md. U.

The University of Maryland Gymkana Troupe will present a gymnastics program at 8 p.m. in the Cole Activities Building, University of Maryland on April 5 and 6, 1968.

Directed by the university's Dr. George F. Kramer, assistant professor of physical education, the troupe gives annual performances in local communities and entertains armed forces personnel both at home and abroad.

Their exhibitions feature such skills as tumbling, hand balancing, juggling, free exercise, pyramid building, apparatus work and comedy routines.

The troupe is made up of 50 men and women students at the university, all non-professional acrobats, who dedicate themselves and their time to these performances.

In Massachusetts it is illegal to eat peanuts in church or use tomatoes in clam chowder.

Pianist Eugene List Featured in Concert

Eugene List, internationally renowned pianist, will be the guest soloist with the Baltimore Symphony Orchestra in the second of a three concert series presented by the Baltimore Symphony Society of Prince George's County on Monday, April 15, in the Fine Arts Auditorium of Prince George's Community College, Largo, Maryland.

Mr. List will present Tchaikovsky's Concerto No. 1 in B flat minor for Piano and Orchestra, Opus 23, with Alyakum Shapira as guest conductor.

The program also includes Weber's Overture to "Der Freischutz" and Beethoven's Symphony in A major, No. 7, Opus 92.

The final concert will take place on May 18 with Allan Miller as guest conductor and Paul Zukofsky, violinist, as guest soloist. Zukofsky will play the Mozart Violin Concerto in A major, No. 5 and Mr. Miller will conduct the orchestra in Rossini's "William Tell" Overture and Beethoven's Symphony No. 3, the "Eroica."

Subscriptions for the remaining two concerts in the series may be purchased at \$5.00 for adults and \$2.50 for students by sending requests accompanied by check or money order to the Baltimore Symphony Society of Prince Georges County, Box 344, Greenbelt, Md., 20770.
